Finance Club

This club will cover topics based on financial literacy and will be split into two parts. We will meet on Thursdays from 3-4pm from September to April with a fee of \$250 per student.

Research and essays are required, please note that there is a max of 20 students.

Part 1: September-December

Financial institutions (where does money come from?), checking accounts (ATM cards, debit cards, checks, budgeting), savings accounts (money market accounts, CD's), credit (car loans, credit cards, student loans, credit reports, credit scores), introduction to investing (stock market, researching companies and benefits to "right time" investing).

Part 2: February-April

Stock Market game, Investwrite Competition along with Awards Ceremony and Celebration
